### Topics discussed:

As a group we discussed components of the campus Comprehensive Needs Assessment. Our areas of focus at this meeting were *School Culture and Climate*, as well as *Family and Community Involvement*.

#### School Culture and Climate ideas:

We discussed hosting more "Parent Information" meetings (i.e. Social Media Issues, Drug/Alcohol Awareness). We have a desire to add more clubs to EJHS. Teachers seem to be willing to lead these clubs. In an effort to create an emphasis on academics, we discussed the idea of a UIL Pep Rally and Parade of Champions.

Student/Teacher Incentives - discussed ways to celebrate students and staff. Thomas Bartee has found 10 local businesses willing to partner with EJHS by donating \$250 each for the next four years. These donations will allow us the opportunity to reward our students and staff. This will greatly enhance our ability to implement PBIS on our campus.

Final SBDM Meeting will be May 11<sup>th</sup>.
