

Stephen F Austin Elementary
Site – Base Decision Making / Campus Improvement Team
Thursday, May 16, 2019

Attendance – Bobby White, Johnna McKee, Natalie Lonon, Erika Bishop, Edmond Graham, Andrew Webster, BettyAnn Blazek, Naomi Chapa and Molly Goodwin

Chairperson – Bobby White

Assistant Chairperson – Erika Bishop

Secretary – Natalie Lonon

Introductions were made for all members.

Mr. White reviewed the agenda.

The CIP was divided up among the members to complete the June formative review of the strategies.

The team then divided up and worked on the 8 areas of the Comprehensive Needs Assessment. The team used the latest STAAR score data as well as current RenStar and DRA data. The PEIMS demographic data and the parent survey from Mr. Honza were also used to help identify areas we need to focus on. Considerable time was spent on working on a strategy that would give teachers some designated planning time each 9 weeks, working with students on proper social skills and working to improve communication with all parents especially, bilingual parents.

Mr. White reviewed upcoming dates and events.

Meeting was adjourned.
