Introductions were made for all members.

Mr. White reviewed the agenda.

Mr. White passed out the current Campus Needs Assessment (CAN) to the group and briefly reviewed the different areas. He pointed out the summary, strengths, weaknesses and problem statement for each area. He emphasized that the team would be reviewing these for the new school year as the new CIP is developed.

The committee completed the March formative review of the performance objectives and strategies for the CIP. It was noted that a higher percentage of strategies are now in place or have been implemented. Attendance was another big topic that was discussed. We need to continue looking at ways to improve and address attendance.

Mr. White reviewed upcoming dates and events.

The next meeting will be during the 4th 9 weeks grading period most likely in late April.

Meeting was adjourned.
