## Demographics

### Demographics Summary

Ennis Junior High School (EJHS) is part of a 5-A District (Ennis ISD) in the North Texas area, 35 miles south of Dallas. EJHS is the sole junior high with grades seven and eight, located in a semi-rural town in Ellis County. The city resides at the intersection of a major transportation corridor (I-45) and a state highway (Hwy 287). The Interstate-45 corridor connects the north part of the state to the southern coastal region, from Dallas to Houston, while Highway 287 provides the link to the western half of the D/FW Metroplex.

EJHS has a student population of 855 students. This enrollment is made up of approximately 54.5% Hispanic, 33.7% White, and 10.8% African American.

The current facility for EJHS was opened in the 2008-2009 school year. The current-year enrollment is 855 students. Three administrators, 53 teachers, 7 support personnel, 10 educational aides, and 2 full time substitute aides comprise the staff. ## Student Achievement

### Student Achievement Summary

Ennis Junior High employs a variety of support system strategies to improve student academic performance. Each teacher is assigned 6 teaching class periods out of a 7 period day. Like content teachers share a conference period, during which cross-curricular planning, and individual class planning can occur. Once a week their conference period consists of a Professional Learning Community (PLC) where they discuss data and student achievement, as well as intervention strategies for struggling students. Each teacher also schedules before- and after-school tutoring, as needed for small groups of students, or by student or parent request.

Over the past seven school years, EJHS has also implemented the AVID program to encourage and prepare average to below-average students for a college education. AVID, which stands for “Advancement Via Individual Determination,” is an internationally-recognized college preparatory program that teaches note-taking and study skills, builds confidence in individual and group settings, encourages academic risk-taking through advanced classes and extracurricular activities, and prepares students to work hard and be successful in a challenging academic environment.

EJHS offers several extracurricular opportunities for students, in which they can build friendships and trust in a safe educational environment. Some of these activities include athletics, UIL academic events, STUCO, F.R.O.G, National Junior Honor Society, Junior Historians, and Archery.
